Javascript

EDUCATION

St. John Bosco Secondary 2011-2014

MSCE

EXPERIENCE

Creative Circuit Limited 2018-20

I worked with creative circuit as a graphics designer for 2 years from 2018 until 2020. With the team we created a number of design works including social media content and branding for clients like Plan, UNDP, African Bible College Christian academy, and COMESA Federation of women in business (COMFBW).

Thanthwe Farms 2020

In 2020 i worked for Thanthwe farms as a free lance graphics designer. I was the lead designer in branding their SME called Thanthwe Acceleration and Incubation center. I created a logo and all related designs for their enterprise including certificates for their candidates. I also helped in marketing design for Thanthwe Farms' products.

Logic Construction Co. 2020

I also worked for Logic Construction company as their graphics designer in 2020. I took the lead role in brand design for their company and worked hand in hand with their marketing team in creating social media marketing content

Helping You Community Forum

2021

In 2021 i worked with HYCF a Karonga based NGO as their graphics designer for publications. I also assisted in identity design for their partner Karonga Civil Servants Organizations Network (KACSON)

Network of Journalists Living with HIV (JONEHA)

2022

January 2022 i worked as a free lancer for JONEHA as a web designer developing a website to showcase their activities, documentaries and stories. I took a lead role on the front end with graphics and user experience. i was also responsible for the back-end development for their online voting platform.

Seed Save Malawi

2022

April 2022, i worked with Seed Save malawi, a lilongwe based start up that trades algricultural produce. With them i was involved in brand identity design.

KIRK Agribusiness & Training Center

2023

January 2023, i worked with KIRK Agribusiness and research center, a lilongwe based research and traning orientated organisation. I helped them in rebranding their organisation as well as developing their website.
